

Dear Fourth Grader,

We cannot wait for Fourth Grade and are looking forward to welcoming you.

Fourth grade promises to be an exciting year. There is so much to learn and a lot of fun too! You will have a chance to use your Hebrew to learn about the Chaggim, Israel and many other topics. We will continue our study of Chumash with the story of Yosef. You will also begin to learn Navi. In Science, we will investigate electricity. Stay tuned for details about a special project at the end of the unit. We will also learn how to use a microscope and use it to study microorganisms. In Math, we will explore the worlds of geometry, fractions, decimals, and measurement. We will meet famous people and “travel” near and far in Reading and Social Studies.

On the first day of school, please bring in the novel that you read this summer. During the first few days of school, there will be activities planned based on this book, so it is important to have it with you. Also make sure to bring back your Siddur and Chumash.

See you soon,

Fourth Grade Morot and Teachers

Dear Fourth Grade Parents,

Welcome to another great year at JKHA! We are very excited about all that is planned for Fourth Grade and look forward to partnering with you to provide your child with an amazing education.

The first day of school for Fourth Grade will be on **Tuesday, September 3rd**. We will provide time during the day for students to unpack their supplies and to get settled. SchoolKidz supplies will be delivered directly to the classroom.

On the first day of school please send in:

- 2 peanut/nut-free nutritious snacks (PM snack should be parve)
- Meat or parve lunch (if you bring your own lunch)
- Your child's Siddur and summer reading book

We have a lot planned for this year and cannot wait to get to know your child. We look forward to greeting your children on September 3rd!

Enjoy the rest of the summer.

Fourth Grade Morot and Teachers
